VIA EMAIL, Regular and Certified Mail

Dear Sirs:

Please be advised that my office represents a number of individuals, specified below, who claim injury as a result of injection with steroids that were compounded, marketed, sold and distributed the New England Compounding Center and/or one of the above entities. Upon information and belief, ARL Bio Pharma, Inc. tested the steroid lots at issue, and certified that they were sterile. The procedures and results of ARLs testing were flawed, and a proximate result of the failures of ARL was to injure them.

Notice is hereby provided of these claims. This notice is general in nature, is based upon information reasonably available at the time of preparation, and does not limit the claims that will be brought in the future. Further, this notice does not limit the entities or individuals against

Page 2 of 4

who claims will be brought. This notice is provided as a courtesy only, for your use as necessary. By providing it, we are not conceding that it is required by any applicable law, contract or regulation.

It is our intention to file suit on behalf of the identified individuals and their families for the injuries caused by your clients, their companies, and other responsible parties. Feel free to contact me if you have any questions.

Sincerely,

MARC LIPTON
